

## Za koju djecu je ovaj listić?

- za dijete nakon 5. godine
- za dijete koje može izdvojiti prvi glas u nekim riječima

**Cilj: izdvajanje prvog glasa u riječima, stvaranje veze grafem-fonem**

**Opis: Oboji slovo. Nacrtaj nešto na zadani glas. Oboji sve riječi koje počinju zadanim glasom.**

Kako bismo djetetu pomogli u određivanju prvog glasa u riječima, možemo:

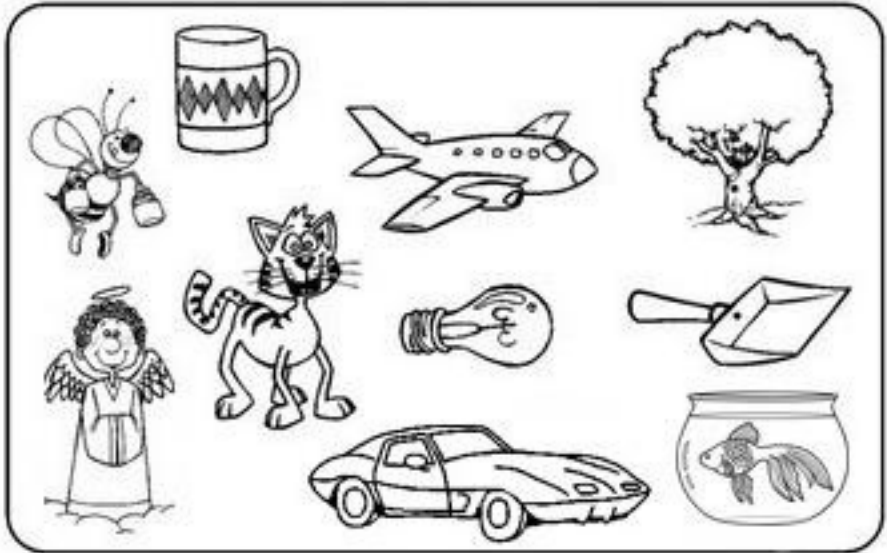

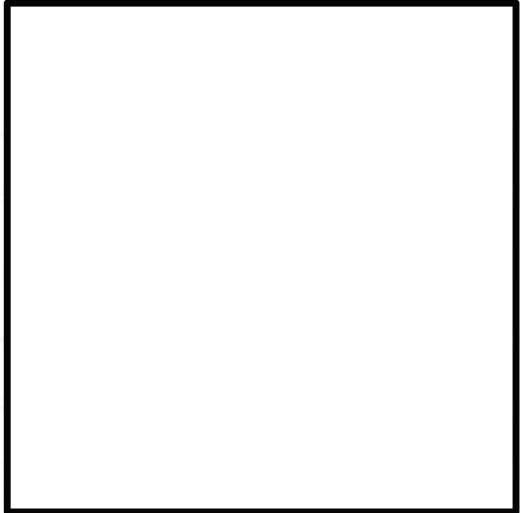

- produljiti prvi glas (ŠŠŠŠŠŠŠLJIVE)
- naglasiti prvi glas (Čokolada)
- napraviti pauzu nakon izgovora prvog glasa (K RUŠKA)

Važno je da nakon toga, točno i bez naglašavanja ponovimo riječ kako bi dijete čulo točnu riječ bez iskrivljavanja i naglašavanja.

Npr. Pokaži mi na neku sličicu. Zmija. Na koji glas počinje zmija? ZZZZZZmija. Koji glas čuješ na početku? Zmija.
