

Za koju djecu je ovaj listić?

- za dijete nakon 5 i pol godina
- za dijete koje može izdvojiti prvi glas u nekim riječima

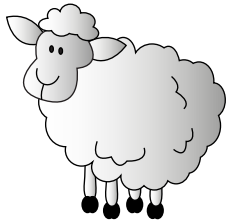

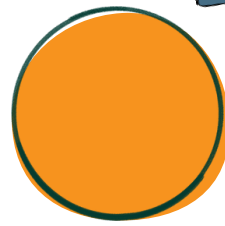

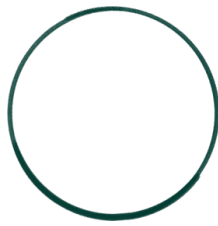

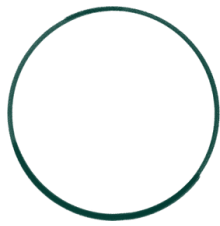

Cilj: izdvajanje prvog i zadnjeg glasa u riječima

Opis: Odredi zadnji glas u riječima. Pitajte dijete koji glas čuje na kraju ovih riječi. Npr. Koji je zadnji glas u riječi OVCA? Koji glas čuješ na kraju? Nakon što vam dijete kaže, možete napisati to slovo na kraj riječi. (Roditelj piše slova).

Kako bismo djetetu pomogli u određivanju zadnjeg glasa određene riječi možemo produljiti i naglasiti glas koji dijete treba prepoznati. Npr. miŠŠŠŠŠ. MIŠ. Neka dijete samo pokuša izgovoriti i protegnuti zadnji glas.

Važno je da nakon toga, točno i bez naglašavanja ponovimo riječ kako bi dijete čulo točnu riječ bez iskrivljavanja i naglašavanja.
